Education

Vasantdada Patil Pratishthan's College of Engineering, University of Mumbai, India B.E Computer Engineering CGPA: 7.73 (till sem 6)	2022 - 2026
KJ Somaiya Junior College of Science, India (MSBSHSE (Class XII)) MSBSHSE (Class XII)	2020 - 2022
Dominic Savio Vidyalaya, India (MSBSHSE (Class XII)) MSBSHSE (Class X)	2019 - 2020

Quality Assurance & Testing

- Test Case Design & Execution
- API Testing using Postman
- Bug Reporting & Tracking with JIRA
- Understanding of SDLC (Software Development Life Cycle) & STLC (Software Testing Life Cycle)
- Familiar with Agile and Scrum methodologies

Skills

Languages: C, C++, Java, Python

Web Technologies: HTML, CSS, JavaScript, React.js, Tailwind CSS, Bootstrap, Next.js

Tools & Platforms: Git, Canva, Figma, Stripe, Clerk, Vercel, Jira, Adobe, WordPress, Wix Studio, Hostinger, Postman API

Database & Backend: MySQL, MongoDB, Supabase, Node.js

Work & Freelance Experience

- Edunet Foundation – Web Developer** (<https://welth-nine.vercel.app/>) **Feb'25 - April'25**
 - Developed an AI-driven finance platform (welth) using Next.js, Tailwind CSS, Prisma, and Supabase.
 - Integrated Gemini AI for automated receipt scanning, transaction categorization, and financial insights.
 - Ensured secure authentication and deployment via Vercel, Clerk, and Stripe for seamless payments.
- Supershine Kitchen Systems Pvt Ltd – Web Developer** (<https://supershinekitchen.in/>) **Jan'25 - Jun'25**
 - Designed and developed the official company website to boost digital presence.
 - Contributed to data analysis tasks to derive business insights.
 - Demonstrated strong problem-solving and UI/UX skills.
- Vasantdada Patil Pratishthan's College – Web Developer** (<https://conference-website-rust.vercel.app/>) **Jun'25 - Present**
 - Developed a fully responsive and visually consistent multi-page website for an international technical conference using React.js and Tailwind CSS.
 - Focused on modern UI/UX, reusable components, animations, and a professional blue-based theme for an engaging and unified user experience.

Projects

- Plants Disease Detection Using ML & DL** **Feb'23**
- Created a mobile application using React Native and deep learning to detect plant diseases from images in real-time.
 - Integrated features like a fertilizer marketplace, voice-based assistance, and government scheme updates to support farmers effectively.
- Vatsalya Trust – NGO Management App** (<https://github.com/nikhildamre/Vatsalya-Trust>) **Aug'24**
- Designed and developed a React Native mobile application for appointment scheduling, payments, and donation management.
 - Integrated event updates, news posting, and a registration system for volunteers and beneficiaries.
 - Developed a scalable backend using Node.js & MongoDB for secure data management.
- Spot-Light – AI Sales Agent** (<https://github.com/nikhildamre/spot-light>) **Development**
- Developed a React.js webinar platform powered by Vapi AI API for real-time voice agent interactions and automated attendee engagement.
 - Integrated Stripe payment gateway for seamless in-session sales conversion, enabling dynamic call-to-action triggers and live lead tracking.

Certifications

- Postman API | API Handling
- Google | Google Cloud Study Jam | Ui/Ux Design
- Apna College | Web Development
- TNS Foundation India | Java Developer

Positions of Responsibility

ED - Cell | Publicity Team Member

Jun'23 - Feb'24

- Managed the ED-Cell VPPCOE Youtube channel

Google Developer Students Club | Technical Team

Jun'23 - Feb'24

- Assisted in organizing and managing technical workshops and coding sessions, providing hands-on support to attendees.

Magazine & Newsletter Committee | Co-Head

Jun'23 - Feb'24

- Led the research and editorial team in creating and publishing the college magazine and newsletter.
